PROJECT EXPERIENCES

PNC Canteen Website (12th Sep 2023 – 5th Oct 2023)

For this project, I had three members on my team. I was the Git manager. We created the Web site using HTML, CSS, SASS, and designed mock-up templates with the Figma app.

POS System (14th Dec 2023 – 21st Dec 2023)

In this project, I work with a team of three members. I was the Git manager, and we created the system using HTML, CSS, Java Script, GitHub, and designed mock-ups with the Figma tool.

Software Development Project (22nd Dec 2023 – 29th Dec 2023)

In this Project, I worked with a team of five members. I was the team leader. We use WordPress to host the web site on Ubuntu using the command line, and the MobaXterm app to assist with hosting.

Food Panda Website VC1 (8th Jan 2024- 28th Mar 2024)

This project was created using HTML, CSS, PHP, MySQL Database, Bootstrap 5 framework, GitHub, Jira Software, Clockify tool, and other braries. My team consisted of five member. I was the GitHub manager.

Dear Mr. Heng,

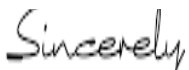

I am writing to you regarding the Software Development internship at IT Solution Cambodia. After finding the job posting, I was excited to see that my academic accomplishments fulfill all the necessary requirements. Currently, I am looking for a challenging internship which will allow me to apply everything I have learned while studying at Passerelles Numériques Cambodia in the FrontEnd Developer skill. I was drawn to this opportunity because it matches my passion for Web Development skill and seems like a demanding but rewarding opportunity.

As a student, I have got some skills such as Graphic Design, HTML, CSS, SASS, Python, JavaScript, Database, Node Js, PHP and OOP Typescript which relate to the job requirements. On the other hand I also learn some tool like Git, GitHub, Jira, Clockify and Figma. I have also continued to develop my skill HTML&CSS, Python, PHP, OOP Typescript, through the project.

I hope to apply my young perspective and aptitude for learning to help your company achieve and exceed your objectives.

I would welcome the opportunity to have a personal interview with you. Please reach me at your earliest convenience to organize a suitable meeting time. I am grateful for this opportunity and look forward to discussing in person how my professional and personal profile fit this internship opening. Feel free to contact me if you have any questions, require additional information, or for references from my teachers. Thank you very much for considering my application.

Sincerely

Leader Din
