PROJECT EXPERIENCES

PNC Canteen Website (12th Sep 2023 - 5th Oct 2023)

For this project, I had three members on my team. I was the Git manager. We created the website using HTML, CSS, SASS, and designed mock-up templates with the Figma app.

POS System (11th Dec 2023 - 21st Dec 2023)

In this project, I worked with a team of three members. I was the Git manager, and we created the system using HTML, CSS, JavaScript, GitHub, and designed mock-ups with the Figma tool.

Software Deployment Project (22nd Dec 2023 - 29th Dec 2023)

In this project, I worked with a team of five members. I was the team leader. We used WordPress to host the website on Ubuntu using the command line, and the MobaXterm app to assist with hosting.

Food Panda Website VC1 (8th Jan 2024 - 28th Mar 2024)

This project was created using HTML, CSS, PHP, MySQL Database, Bootstrap 5 framework, GitHub, Jira Software, Clockify tool, and other libraries. My team consisted of five members. I was the GitHub manager.

Airline Management System (22nd Apr 2024 - 3rd May 2024)

For this project, I worked with a group of three members. We used OOP and TypeScript to create the system. I was the project leader.

Facebook API (10th June 2024 - 16th June 2024)

This project was created using Laravel, GitHub, and Database. My team consisted of four members. I was the leader in team.

Dear Sir/Madam,

I am writing to express my enthusiastic interest in the Web Developer position at Vectorasoft Co., Ltd, as mentioned by the ERO team at Passerelles Numériques Cambodia (PNC). With a solid background in web development and a passion for creating engaging user experiences, I am excited about the opportunity to contribute to your esteemed company.

During my studies at Passerelles Numériques Cambodia, I completed several projects that have significantly enhanced my web development skills. These projects included creating static websites and collaborating on various backend technologies, providing me with a comprehensive understanding of web development.

Specifically, I have improved my skills. Here are some key points about my experience:

- Front-End Development: Skilled in HTML, CSS, and JavaScript to create responsive and visually appealing web pages.
- Frameworks and Libraries: Experience with Vue.js for building interactive user interfaces.
- Backend Collaboration: Worked with backend developers to integrate APIs for better website functionality.
- Version Control: Used Git, GitHub, and Jira for managing code and collaborating with team members.

I am dedicated to continuous learning and improvement in web development, ensuring that I stay current with the latest industry trends and technologies. My commitment to creating seamless user experiences and my proactive approach to problem-solving make me a strong candidate for this role.

I am excited about the opportunity to bring my expertise to Vectorasoft Co., Ltd and contribute to your team's success. I would be delighted to discuss in more detail how my background, skills, and enthusiasm align with your needs. Please feel free to contact me at 096 272 8396 or via email at ratanak.khoeurn@student.passerellesnumeriques.org to arrange a meeting.

Thank you for considering my application. I look forward to the possibility of contributing to the innovative projects at Vectorasoft Co., Ltd.

Yours faithfully,

Ratanak Khoeurn
